speaking and listening activities for the early years contains 70 practical activities for developing speaking and listening skills in children aged 2-5 years old. The activities are linked to all the prime and specific areas of the statutory framework for EYFS and will enable practitioners to support children's development throughout the foundation stage and to assess and monitor their progress. These enjoyable and productive play activities help children to develop the skills needed to listen, understand, express themselves and enjoy language. When children learn to express themselves clearly and to listen to others, they benefit from improved social skills and a greater self-confidence. The vital communication skills covered in this book will not only provide children with the language skills they will need to succeed at school, they will also enable them to develop friendships and the ability to work cooperatively.

Are you looking to improve your skills in the areas of listening and speaking? Are you interested in building successful relationships in your personal and professional life and business? If your answer to any of these questions is 'yes', then this book is the perfect solution for you. Active listening is for those looking for practical tools that they can incorporate that will help them improve on their skill levels in the areas of listening, speaking and building of relationships. The 6 essential guidelines give easy to implement ways that anyone can add to their daily lives that will lead to a change in one's overall lifestyle. These guidelines are a product of work that has been developed over time within the work-life context, though they are applicable even outside the bounds of work where the skills of listening and speaking play a big role in developing successful relationships. It is important to note that the caliber of relationships developed can to a great extent determine work productivity levels. Going through the book, you will be able to learn about different types of communication techniques available to you that you can match to different situations that you come across in everyday situations, either in your personal life, your workplace, in social settings and in business scenarios. How you can go about improving your listening skills in a simple and stepwise manner. Practical proven tips developed over time and in varied scenarios to achieve the skill of active listening. How to improve your listening skills even further by developing the skill of active listening, how to build highly successful, unique, individualized relationships, how to incorporate these skills into your daily routines as one continuously develops these skills using the essential guidelines shared. You will develop relationships that people will remember for a lifetime. Developing such relationships will allow you to stand out in the memory of individuals from the rest of the crowd. This can help, for example, in the world of business and even in personal relationships whereby one is looking to create a unique bond with an organization or an individual respectively. It is important to note that the key to developing the skills is to commit to constantly practice them in the various contexts that one comes across in daily life. Working on relationships using listening and speaking skills also leads to improved levels of overall life satisfaction. Within the business context, improvement in skill levels in these areas will have a direct correlation to the output on the bottom line. This is because how a business communicates with its target clients and the subsequent relationships they build with them determines if they will be a repeat customer, which in turn determines the lifetime value of a customer. The quality of relationships built within the workplace can determine
